

Thinking about....

The renewal of the world

When God made the world, everything was good. Since then, things have got spoilt, and sad things happen. But one day God will make the world new and good again.

Think of something that's broken, and needs mending or replacing...

Think of something that makes you sad...

Think of something that doesn't seem right...

One day God will make everything new and good again.

Did you know?

Hallelujah means "Praise God"!

We would love to post online anything you have drawn, written or made. Your grown-up is invited to email a photo to children@elmdonchurch.org, with the message "For Elmdon Church's Facebook page."

We are trialling these craft packs. Please send any feedback to children@elmdonchurch.org.

What next?

You could...

- Make a beautiful picture. Cut it up into pieces. Put it back together, or use the bits to make an even better picture. You could add some craft bits. Think about God making the world new and good again.
- Make an Hallelujah picture. Add some things that you can thank God for.
- What do you think about God making the world new and good again? Tell him. Or ask him a question.

Hallelujah!
