

Thinking about....

God's plan

Everything we've been thinking about here over the last few months are part of God's woven-together plan.

Over the last few months we've thought about lots of different things:

Angels

God's holiness - he is good all the way through, all the time

God's wise and good judgement

God's brilliant promises to forgive us and help us be more like Jesus

Praying

God's forever city in his new and perfect world, where we'll live with him and see him properly

All these different things are part of God's plan. It's a bit like a basket being woven together, or a woven piece of material.

We can be part of God's woven-together plan too. We can listen to his great ideas and join in with whatever he wants to do, wherever we are.

?

What next?

You could...

- Find something woven, like a basket or some material, and look at how it all holds together.
- Think of some things that are part of God's plan. Turn it into a picture, or write a list.
- Weave together some paper strips. Think with God about some ways that you could be part of his woven-together plan.

We would love to post online anything you have drawn, written or made. Your grown-up is invited to email a photo to children@elmdonchurch.org, with the message "For Facebook."
